

Anshun Bridge in Chendgu at night

We saw the beautiful Anshun Bridge (安顺桥) from the distance from the bus when we got back to Chendgu (成都) late in the night. Next day we decided to visit it; during the time we were preparing to take the pictures a photographer lady told us that it's much nicer from the other direction. We followed her through the Halloween-themed party places on the riverside and I have to admit: it is better from the other direction.
