

Hongcun bridge closeup

PENTAX K-5 II s, 50.0 mm, 1/160 sec, ISO 80 | SMC Pentax-M 50mm F1.7 | CC-BY-NC-ND-4.0

As mentioned before, I don't think there's a chance to take an image of the bridge only. However, if you're early and patient enough, an opportunity might present itself when only people who actually fit the settings are on the path.

I know the framing is a bit off, but there were people standing on both edges of the bridge, and it was either to cut the reflection, or to break the scene.

coordinates: 30.005, 118.025
