

# Into the sunset

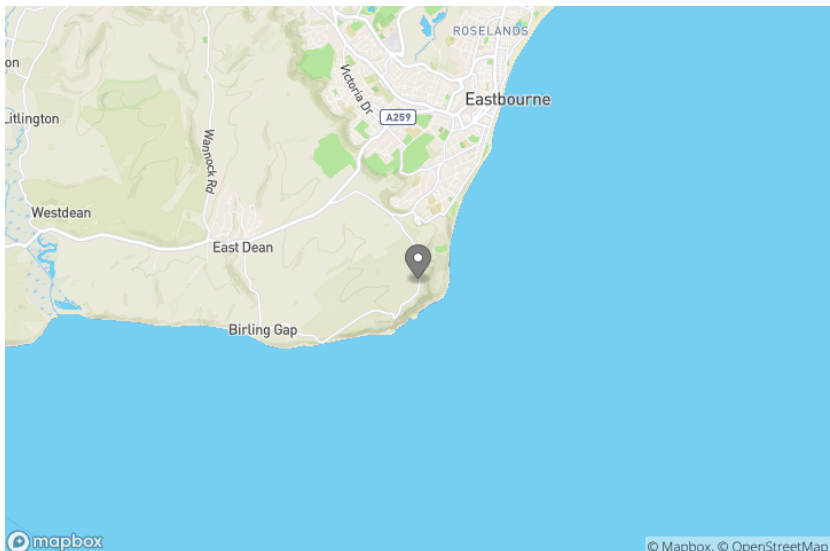

PENTAX K-5 II s, 135.0 mm, 1/160 sec, ISO 100 | Jupiter 11 135mm F4 | CC-BY-NC-ND-4.0

Also a shoot from Beachy Head; when the sunset is upon the shore the road gets more and more empty. I've spotted the biker going the direction of the curved road, so I waited till the point I could make this picture.

The reason for the cut is that I wanted the feeling of some old, forgotten movie.

Lens: Jupiter 11 135mm f4.0 silver m42 version

coordinates: 50.742, 0.253
