

Mountains of Fuerteventura

PENTAX K-5 II s, 35.0 mm, f/11.0, 1/500 sec, ISO 200 | smc PENTAX-DA 35mm F2.4 AL | CC-BY-NC-ND-4.0

There is a rather empty road on Fuerteventura, the one that goes through Betancuria, in the mountains, to the south, FV-30. I can certainly recommend taking this route if you can: it's calm, otherworldly, with ravens visiting you at the miradors, showing all the beautiful mountains on the west side of the island.

coordinates: 28.162, -14.243
