

Seven Sisters from Beachy Head

PENTAX K-5 II s, 135.0 mm, 1/500 sec, ISO 100 | Jupiter 11 135mm F4 | CC-BY-NC-ND-4.0

Beachy Head is one of the viewpoints you can see the Seven Sister from - although you need some luck to capture all seven of the peaks in one picture, which I lacked this time.

coordinates: 50.746, 0.237
