Huanglong Valley (黄龙沟) is a scenic area in Sichuan with countless, bright blue and green ponds and astonishing waterfalls.

This is the Marvellous Flying Waterfall (飛瀑流輝) in autumn. It's usually photographed from the other side, but I've found this composition better.

We had a rough weather during our visit; fortunately no sleet or rain was pouring at the moment we arrived here.

coordinates: 32.737, 103.823
